ABOUT ARTGLASS

ARTGLASS Ltd. is a purely Czech pro-export corporation that is growing dynamically without foreign capital. The company operates in 45 global markets and is continuously working towards entering new ones with humility and respect. ARTGLASS has been active in the market for 25 years with great success, and has the vision to become a world producer of original and design-led lighting made from high-quality materials with a high proportion of manual craftsmanship. The company currently employs around 100 qualified employees and works very closely with renowned Czech glassmakers and world-famous designers. ARTGLASS's great strength is the company's in-house team of progressive designers, whose original and unique ideas in terms of high-quality design now adorn countless interiors around the world. After 25 years of continuous development it is currently possible to divide the production programme at ARTGLASS Ltd. into three branches: firstly, the production of traditional Czech crystal chandeliers – we are a proud follower of more than 500 years of tradition in chandelier production in the Czech Republic; secondly, custom lighting – lighting projects for private residences, religious buildings (churches, temples, mosques), restaurants, hotels, etc. We offer our clients a comprehensive solution for lighting, from the design and consultation phase through to advice and assembly. We have a specially trained team of assemblers who install our products in clients' premises around the world. Finally, modern design collections – our original vision of transforming a project installation into a smaller model that will suitably complement a modern home. These contemporary design collections are displayed in all their glory in our new „Vision“ catalogue, which can be downloaded at www.artglass.cz.

PRODUCTION

ARTGLASS is constantly investing in its development, new technologies and the skills of its employees. Lighting designs and models are created in our own design studio, which is equipped with state of the art technology. Using 3D software we are able to visualise the entire installation in its interior. We then elaborate on this proposal down to the last detail, including the preparation of technical documentation for production itself. We can be proud of the fact that the majority of the manufactured parts are the result of work by our skilled craftsmen. The company has a modern metal workshop where our specialists are able to construct even the most demanding metal structures for our installations.

ARTGLASS cooperates with most Czech glassworks, both in the production of chandeliers with classic trimmings or when working on special installations. Our lighting installations use modern lighting technology and lighting control to enhance the beauty of our glass while meeting all the lighting requirements of the room. All of our products meet the required standards and regulations and are certified by renowned global testing laboratories. Our goal is to introduce the beauty of Czech glass and the art of our people, whose work we are so proud of, to the whole world.

INVITATION

VIETBUILD HANOI

28.3. – 1.4. 2018

STAND

1043, 1044, 1045,
1046, 1049, 1050,
1051, 1052

Through our participation at the prestigious international exhibition VIETBUILD, we follow up on our previous successful Vietbuild fairs.

ARTGLASS' NEW DESINGS

Introducing Rosée from Art of Nature Collection, a unique lighting fixture that features a net made of beads cast over different glass shapes. The combinations of colours, shapes and design of the beaded nets are endless.

INVITATION **light + building**

18. - 22.3.2018 : 9 a.m. to 6 p.m.
23.3.2018 : 9 a.m. to 5 p.m.
Messe Frankfurt,
Frankfurt am Main
STAND: C21 (HALL 6.1)

We are traditionally presenting our lighting fixtures at the prestigious international exhibition LIGHT+BUILDING in Frankfurt am Main in Germany. We warmly invite you to see our unique exposition of our modern lighting specially created for this event.

VIETNAM, An Giang Province PROJECT ROHMAM MOSQUE

The design of the lighting fixture is inspired by one of the most typical elements of the original Islamic mosques, which is the dome. There are eight of them on the lighting fixture on the customer request – number eight is a symbolic reference to the superstitions of the Vietnamese, who believe that number 8 can bring you happiness.

This mosque is located in An Giang Province, which for its large Muslim population is called the Mecca of Vietnam.

INVITATION FOR CELEBRATION OF 25 YEARS OF ARTGLASS

We would like to inform you that in June 2018 ARTGLASS will be celebrating 25 years on the market and we would like to celebrate this important anniversary with you. The celebration will take place in the Czech Republic, details and the exact date of the event will be published soon. We will be very pleased if you attend this anniversary celebration.
